Re: Spring Mount Bridge

Dear Representative Mensch:

The primary purpose of this communication is to advise you that our Communications Division has reviewed the plan to temporarily close the above referenced bridge.

We do not anticipate any significant delay in response to emergencies in Lower Frederick or Upper Salford Townships. Each township is served by its own fire company. Lower Frederick ambulance is working with the Montgomery County Parks Department to utilize the Perkiomen Trail as an additional point of access to the area. Also, our computer aided dispatch system can identify the nearest units to the scene at any emergency and route those units to available access routes.

If I can provide any additional information, please do not hesitate to contact me.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Thomas M. Sullivan', is written over the typed name.
